## WHAT OUR PARTNERS ARE SAYING

"Summermusik has been a great source of entertainment and learning for our families. RMH families and the patients are here for critical care during a very trying time in their lives. Summermusik's programs at RMH provide a moment of respite and enjoyment that the whole family can come together and enjoy."

- Craig Kotte, Program Manager, Ronald McDonald House Greater Cincinnati

"The musicians were everything wonderful - such cute personalities and the music and choices were SUPERB! The strings take my head and heart places that are beautiful and enchanted. Our residents feel the same and everyone is still talking about it this morning. Music is so good for the soul and the heart and the being! So thank you from your friends at Ohio Living - we are better because of your music."
